

Nenana Totchaket Ag: Phase One Project Area

The Nenana Totchaket Agricultural Project was first identified for potential agricultural development in the late 1970's. The 2014 Yukon Tanana Area Plan identified this area as Unit K-32, comprised of 140,000 acres of State land Classified and Designated for Agricultural Use/Development.

NenTot Phase One (ADL 233703) is comprised of roughly 30,000 acres, and was approved by Final Finding and Decision (signed 7/1/2021) to be offered for sale.
