GENERAL INSTRUCTIONS ("DO NOT RECORD THIS SIDE")

If you have questions, please contact the Mineral Property Management Office at 907-269-8642 or dnr.dmlw.mpm@alaska.gov

Assistance is also available for the use of Alaska Mapper (<https://mapper.dnr.alaska.gov>)

This form is to be used as a CERTIFICATE OF LOCATION to be filed with the District Recorder's Office for the area in which the claim is actually located on the ground. This form should *only* be used for mining claims or mining leasehold locations that are located under Title 38 of the Alaska Statutes on land under the jurisdiction of the State of Alaska. This form may also be used as a LOCATION NOTICE to be posted on the northeast corner monument, which is corner #1. Please note that locations on land selected by, but not yet conveyed to the State, are made at the locator's own risk. AS 38.05.275, 11 AAC 86.115(a). *For information about mineral locations under federal mining law, please contact the Bureau of Land Management.*

Posting the Amended Location Notice: *Where this form is used as an AMENDED LOCATION NOTICE, it must contain a sketch map of the claim that depicts to the best of your knowledge the location of the claim in relation to the surrounding mineral locations. The AMENDED LOCATION NOTICE must be posted on monument #1 located at the northeast corner of the claim. Please note that AS 38.05.195(b)(2) states, in part, "A locator may locate a claim based on the staking of a ground location in which the claim may not exceed 1,320 feet in its longest dimension, and its boundaries shall run in the four cardinal directions."*

Recording the Amended Certificate of Location: *When this form is used as an amended LOCATION CERTIFICATE, it MUST contain ALL information requested on the front of this form including the original document number, unless otherwise noted. You are to attach and record a **black & white** map at an indicated scale of 1:63,360 (one inch = one mile) or a more detailed scale that shows the boundaries of the claim or leasehold location, the dominant physical features of the land, the surveyed section line or, if unavailable, the protracted section lines surrounding the location, and, to the best of the locator's knowledge, the relationship of the location to adjacent or contiguous mining claims, leasehold locations, mining leases, prospecting sites, mineral orders, and non-state land; if the locator is simultaneously recording contiguous locations, a single map showing all locations may be attached to one of the certificates of location and that certificate must be cross-referenced on each other certificate of location to which the map applies. The map must be no larger than 8 1/2" X 11" and must include a scale and a direction (North) arrow. You must complete the statement at the bottom of the front of this form.*

To record the AMENDED CERTIFICATE OF LOCATION with the State of Alaska, submit the original AMENDED CERTIFICATE OF LOCATION to the District Recorder's Office for the area in which the claim is located within 45 days after posting the AMENDED LOCATION NOTICE on the claim. If mailing to the recorder's office, check with the office beforehand so you can submit the correct fee. The recording fees change from time to time. You may also check on recording fees through the internet at the following site address: <https://dnr.alaska.gov/ssd/recoff/fees>. The Recorder's Office will forward copies of all recorded mining documents to the Alaska Department of Natural Resources, Division of Mining, Land & Water.

Failure to properly complete either the location notice or certificate may constitute abandonment of the mining claim. AS 38.05.265. Failure to timely record the location certificate with the proper district recorder's office constitutes abandonment of the mining claim. AS 38.05.265.
