NOTICE: If mining records indicate that you have conducted any mining-related activities that resulted in the recovery of locatable minerals, no matter how little, on state land, including Alaska Mental Health Trust land, in 2016, and you sold, exchanged, or otherwise disposed of those locatable minerals (see 11 AAC 86.769(a) and (b)) or took them out of state (see 15 AAC 65.110(d)), you must fill out the entire form, or your claims or leases will be at risk of being abandoned under law AS 38.05.265, regardless of whether your activities resulted in a profit. If you have more than one mining operation on state land, combine the net income values, including royalties in one form.

If your activities were not related to the production of locatable minerals, you may complete the "Miner, Filer, or Holder' Information" portions only of Section I below, indicate "None" in the other sections, sign the form, and check this box.

UNSIGNED FORMS WILL BE CONSIDERED NULL AND VOID (See Section IV)

An extension for up to 120 days may be granted if a written request is received by April 21, 2017. Failure to timely pay production royalty will result in abandonment of the claims listed on your APMA, Affidavits of Annual Labor, or other mining documents.
