FINDING OF THE COMMISSIONER

AS 38.05.185 (a) and AS 38.05.300

for

MINERAL ORDER NO. 1171 (CLOSING)

related to the

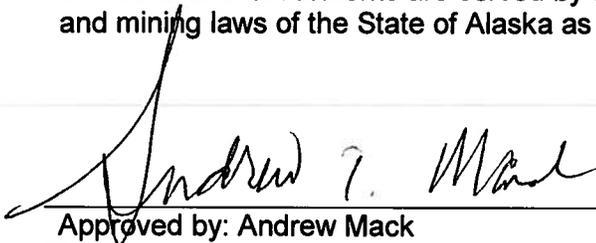

Memory Lane Subdivision - ADL 232021

Pursuant to AS 38.05.035, the State of Alaska, Department of Natural Resources, Division of Mining, Land, and Water proposes to issue a Final Finding and Decision to convey State-owned land into private ownership within the Memory Lane Subdivision project area (ADL 232021). As noted in the Preliminary Decision – Proposed Land Offering Memory Lane Subdivision – ADL232021, issued May 15, 2015 the project area is within Subunit 23D, Glennallen-Gulkana Management Unit 23 of the *Copper River Basin Area Plan (CRBAP)*. In accordance with the relevant area plan, DMLW proposes to close the entire project area to mineral entry. The attached mineral order identifies the area that must be closed to mineral entry and gives a legal description.

The Division of Mining, Land, and Water requests the mineral estate of approximately 68 acres, identified in the attached mineral order, be closed to mineral entry and location, in accordance with AS 38.05.300 for a land disposal. Mining activity on the project area would be incompatible with the current and proposed land estate uses. The land does not contain any known mineral deposits and was not selected for mineral values. There are no mining claims on the land.

Public notice of the comment period for the proposed mineral order was conducted in accordance with AS 38.05.945. The Department did not receive objections or comments regarding the proposed mineral order from the public or agencies during the response period.

In accordance with AS 38.05.185 (a) and AS 38.05.300, I find that the best interests of the State of Alaska and its residents are served by closure of the land to entry under the mineral location and mining laws of the State of Alaska as described by Mineral Order No. 1171 (Closing).
