**4.0 AREAS UNSUITABLE FOR MINING**

The proposed permit area contains no areas that have been designated unsuitable for mining or that are under study for designation as such. In addition, the permit area includes no National Park System lands, no National Wildlife Refuge System lands, no National System of Trails lands, no National Wilderness Preservation System lands, and no Wild and Scenic Rivers System lands including study rivers. No public parks or National Register Historic Sites will be adversely affected. No mining will occur within 100 feet of a cemetery or of the outside right-of-way line of any public road. Finally, no mining will occur within 300 feet of any occupied dwelling, public building, school, church, community or institutional building, or public park.

## **5.0 PERMIT TERM INFORMATION**

### **5.1 PERMIT TERMS**

The requested permit term is 5 years. It is expected the road will be constructed within the first permit term. The major activities during the term covered by this permit application will include construction of roads, drainage control and incidental coal removal.

### **5.2 OVERLAPPING PERMIT AREAS**

The Jumbo Dome Road Corridor Permit will overlap with the Jumbo Dome Mine Permit No. S-0606. The Marguerite Creek Crossing will be permitted under the Jumbo Dome Road Corridor permit.

## **6.0 OTHER LICENSES AND PERMITS**

Other permits and approvals required for the Jumbo Dome Road Corridor project are listed below along with the issuing authority, identification number, and current status.

**Department of the Army**  
**US Army Engineer District, Alaska**  
**Corps of Engineers**

**Type of Permit:** Nationwide permit for placement of sedimentation ponds within identified wetlands.  
**Identification No.:** **POA-2007-1088**  
**Status:** Permit was issued Dec 13, 2011.

**State of Alaska**  
**Department of Natural Resources**  
**Division of Parks & Outdoor Recreation**

**Type of Permit:** Cultural resource site clearance for the permit area.  
**Identification No.:**  
**Status:** Site clearance was granted by the by the State Historic Preservation Officer on Jan 17, 2006.

## **7.0 LIABILITY INSURANCE**

Exhibit B-1 contains certification that UCM has a public liability insurance policy in force for its existing operations and any proposed operations that may be conducted under other permits. The policy contains the coverage requirements and special conditions specified in 11 AAC 90.033, including the use of explosives. Notice will be sent to the Commissioner of Natural Resources if the coverage is not renewed or otherwise canceled.
