

RE: SCRO Applications for Donlin Gold Mine Project

The Alaska Department of Natural Resources, Division of Mining, Land and Water, Southcentral Region Office (SCRO) has received multiple applications from Donlin Gold, LLC (Donlin) for authorizations related to the proposed Donlin Gold Mine. The requested authorizations would allow the development of a variety of facilities supporting the project, including port and airstrip facilities, an access road, a fiber optic telecommunications cable, material sites, and temporary access routes and construction camps. Donlin has also requested to restrict public easements located within the proposed mine area.

- ADL 232199 – Land Lease for an airstrip and related improvements
- ADL 232200 – Submerged Land Lease for a port facility
- ADL 232334/ADL 232360 – Material Sale/Material Site
- ADL 232335/ADL 232361 – Material Sale/Material Site
- ADL 232336/ADL 232362 – Material Sale/Material Site
- ADL 232337/ADL 232363 – Material Sale/Material Site
- ADL 232338/ADL 232364 – Material Sale/Material Site
- ADL 232339/ADL 232365 – Material Sale/Material Site
- ADL 232340/ADL 232366 – Material Sale/Material Site
- ADL 232346 – Private Exclusive Easement for a road connecting the proposed port, airstrip, mine and other related facilities
- ADL 232368 – Private Non-Exclusive Easement for a telecommunications cable (fiber optic)
- ADL 236624 – Request to restrict public easements within the proposed mine area
- LAS 31107 – Land Use Permit for a temporary access road
- LAS 31108 – Land Use Permit for a temporary access road

Activities taking place on lands not owned by the State of Alaska and managed by SCRO are outside the scope of these applications.

If you have information that you would like the SCRO staff to consider during the adjudication process of one or more of the applications, you are encouraged to submit comments at:
