July 17, 2015

Mr. Jeff Clark, Superintendent, Environmental
Teck
P.O. Box 1230
Kotzebue, AK 99752

Dear Mr. Clark:

RE: May 30 to June 13, 2015 Wulik River Sonar Trip Report

Attached is the Alaska Department of Fish and Game (ADF&G) trip report regarding the preliminary results of the Red Dog Mine June 2015 Wulik River Dolly Varden Enumeration Project. This project used side-scanning sonar in the lower Wulik River to count the outmigration of anadromous Dolly Varden that move from overwintering locations in the river into the Chukchi Sea. If you have any questions regarding the enclosed trip report, please contact either Brendan Scanlon at 907-459-7268 or Al Ott at 907-459-7289.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jack F. Winters".
