

MANAGEMENT UNIT 7L

Greely Reserve

MANAGEMENT INTENT

General. State lands in this unit will be managed primarily for multiple use, with an emphasis on public recreation. Settlement is designated for a small area in this unit. Mineral entry will remain open for state retained lands. The remainder of Donnelly Townsite will be passively managed as public recreation land.

Recreation. Recreation is designated as the primary use for land in Subunit 7L1.

Settlement. Settlement is designated a primary use in Subunit 7L2. Approximately 100 acres may be offered for private ownership.

Richardson Commercial
Subdivision (7L2) 100 acres.

The settlement area is along the Richardson Highway and next to the military base. Future settlement will likely be oriented toward providing services to highway travelers and the military.

Residential settlement, other than that associated with a commercial development, is not suited to this terrain and therefore is not available within this unit.

Other Resources. A minimum of 40 acres is to be retained for future state purposes, such as a highway maintenance yard.

The Alaska Railroad extension shall remain as a reserved use corridor, 300 feet in width.

MANAGEMENT GUIDELINES

Management guidelines that apply to all state land are listed in Chapter 2. Some or all of those guidelines may apply to uses in this unit.
