The Commissioner of the Department of Natural Resources adopts the Knik River Public Use Area Management Plan (Management Plan) as the basis for the management of state land and water within the Public Use Area (AS 41.23.230) under the authority AS 41.23.190, and for those state lands that are included within the plan boundary but not within the boundary established by AS 41.34.230. In addition, I hereby also adopt this Management Plan as the Land Use Plan for the Public Use Area under the authority of AS 38.04.065 and 11 AAC 55.010-55.030.
