

Appendix C

Tidepool Species Found at Ft. Abercrombie SHP

Green Algae

Sea lettuce	<i>Ulva lactuca</i>
Enteromorpha	<i>Enteromorpha intestinalis</i>
Cladophora	<i>Cladophora trichotoma</i>
Finger algae	<i>Codium fragile</i>

Brown Algae

Laminaria	<i>Laminaria saccharina</i>
Split kelp	<i>Laminaria setchelli</i>
Bull kelp	<i>Nereocystis lutkeana</i>
Holey kelp	<i>Agarum cribrosum</i>
Frilly kelp	<i>Alaria marginata</i>
Rockweed	<i>Fucus distichus</i>

Red Algae

Nori, laver	<i>Porphyra perforata</i>
Coral algae	<i>Corallina vancouveriensis</i>
Crustose algae	<i>Lithothamnium pacificum</i>
Iridescent algae	<i>Iridaea cordata</i>
Sea sac, Rabbit ears	<i>Halosaccion glandiforme</i>
Dulse	<i>Palmaria palmata</i>
Pine branch algae	<i>Rhodomela larix</i>
Sea Brush	<i>Odonthalia floccosa</i>

Misc. Invertebrates

Encrusting sponge	<i>Halichondria panicea</i>
Nemertean, red ribbon worm	<i>Tubulanus spp</i>
Echiurid	<i>Echiurus alaskensis</i>
Polychaete	<i>Nereis brandti</i>
Tiny calcareous tube worm	<i>Spirorbis borealis</i>
Encrusting bryozoan	<i>Membranipora spp</i>

Cnidarians

Green, or burrowing anemone	<i>Anthopleura artemisia</i>
Christmas tree anemone	<i>Urticina crassicornis</i>
Red anemone	<i>Urticina coriacea</i>

Appendix C: Tidepool Species Found
at Ft. Abercrombie SHP

Crustaceans

Flat Acorn barnacle
Large acorn barnacle
Beach Hopper
Common Isopod
Pill bug
Broken-back shrimp
Red hermit
Hairy hermit

Cthamalus spp.
Balanus balanoides
Orchestia spp
Idotea wosnessenski
Gnorimosphaeroma spp.
Heptacarpus brevirostris
Elassochirus gilli
Pagurus hirsutiusculus
